Clinical Rehabilitation

The official journal of the British Society of Rehabilitation Medicine (BSRM) and of the Netherlands Society of Rehabilitation and Physical Medicine (VRA), and published in association with the Society for Research in Rehabilitation (SRR)

Contents

Evaluative studies
Effects of motor imagery training on balance and gait abilities in post-stroke patients: a randomized controlled trial
H-y Cho, J-s K and G-C Lee

Botulinum toxin type A in chronic plantar fasciitis: clinical effects one year after injection
IV Díaz-Llopis, D Gómez-Gallego, RJ Mondéjar-Gómez, A López-Garcia, JM Climent-Barberá and CM Rodríguez-Ruiz

A comparison of treadmill training and overground walking in ambulant children with cerebral palsy: randomized controlled clinical trial
LAC Grecco, N Zanon, LMM Sampaio and CS Oliveira

Effects of balance training on functional outcome after total knee replacement in patients with knee osteoarthritis: a randomized controlled trial
C-D Liao, T-H Liou, Y-Y Huang and Y-C Huang

Does high-frequency chest wall oscillation therapy have any impact on the infective exacerbations of chronic obstructive pulmonary disease? A randomized controlled single-blind study
T Goktalay, SE Akdemir, AO Alpaydin, AS Coskun, P Celik and A Yorgancioglu

Data collection tools
Repeatability of the timed 25 foot walk test for individuals with multiple sclerosis
RD Larson, DJ Larson, TB Baumgartner and LJ White

Simplified modified Rankin Scale questionnaire correlates with stroke severity
A Bruno, B Close, JA Switzer, DC Hess, H Gross, FT Nichols III and AE Akinwuntan

Initial psychometric evaluation of the Arm Activity Measure (ArmA): a measure of activity in the hemiparetic arm
S Ashford, L Turner-Stokes, R Siegert and M Slade

Exploratory studies
The implementation of evidence-based rehabilitation services for stroke survivors living in the community: the results of a Delphi consensus process
RJ Fisher, MF Walker, J Golton and D Jenkinson

A qualitative study exploring patients’ and carers’ experiences of Early Supported Discharge services after stroke
CS Cobley, RJ Fisher, N Chouliara, M Kerr and MF Walker

Development of an ICF-based core set of activities and participation for patients with mental disorders: an approach based upon data
AL Brütt, H Schulz and S Andreas
