Clinical Rehabilitation

The official journal of the British Society of Rehabilitation Medicine (BSRM) and of the Netherlands Society of Rehabilitation and Physical Medicine (VRA), and published in association with the Society for Research in Rehabilitation (SRR)

Contents

Evaluative studies

Self-management interventions for chronic disease: a systematic scoping review

J Richardson, A Loyola-Sanchez, S Sinclair, J Harris, L Letts, NJ MacIntyre, S Wilkins, G Burgos-Martinez, L Wishart, C McBey and K Martin Ginis

Rehabilitation interventions with deconditioned older adults following an acute hospital admission: a systematic review

AJ Timmer, CA Unsworth and NF Taylor

The effects of a physiotherapy programme on patients with a pleural effusion: a randomized controlled trial

G Valenza-Demet, MC Valenza, I Cabrera-Martos, I Torres-Sánchez and F Revelles-Moyano

The effects of elastic tubing-based resistance training compared with conventional resistance training in patients with moderate chronic obstructive pulmonary disease: a randomized clinical trial

EMC Ramos, AC de Toledo-Arruda, LC Fosco, R Bonfim, GN Bertolini, FA Guarnier, R Cecchini, CM Pastre, D Langer, R Gosselink and D Ramos

Virtual reality for upper extremity rehabilitation in early stroke: a pilot randomized controlled trial

CW Yin, NY Sien, LA Ying, SFCM Chung and DTM Leng

Combining physical training with transcranial direct current stimulation to improve gait in Parkinson’s disease: a pilot randomized controlled study

D Kaski, RO Dominguez, JH Allum, AF Islam and AM Bronstein

Exploratory studies

What does confidence mean to people who have had a stroke? – A qualitative interview study

J Horne, NB Lincoln, J Preston and P Logan

Exploring the association between volition and participation in daily life activities with older adults living in the community

EK Pritchard, GT Brown, AL Barker and TP Haines

Letter to the editor
